Travis and Jaimee Tuft are internationally acclaimed professional American Smooth and Theatre Arts champions whose partnership is defined by exceptional artistry, championship-level achievement, and a passion for sharing the magic of dance with audiences around the world.

Their individual journeys eventually brought them together at Brigham Young University, where they were members of the prestigious BYU Ballroom Dance Company. Travis graduated with a degree in Spanish, while Jaimee earned a degree in Mathematics and later went on to earn a Master's degree in Mathematics from Montclair State University.

After marrying in 2008, Travis and Jaimee began their competitive partnership and immediately made their mark, becoming undefeated U.S. Amateur American Smooth Champions.
